

To The Board Members of ALL TRUST
And whoever it may concern,

Respected Sirs and Madam,

SUBJECT: **Application for Loan to start a beauty parlor**

Respected Board members of ALL TRUST,

We are a group of 4 young ladies, who have been inspired by the work of ALL Trust and we also want to be part of the movement which you grant the loans to. After giving it a thought, we have decided to come forward and request for the loan to start for a beauty parlor for both male and female as you will see in the enclosed business model.

After having attended the full Microlend Business training, we have fully understood all the necessary requirements, and the management fee that is additional to the loan repayment, and we agree that we will comply with it during the loan duration in ways that will satisfy both sides.

As you are aware that we have been with Decidex Group for 6 months and we believe that we have proven ourselves to be loyal and dedicated employees, hence we believe you would consider us worthy of the loan.

We have decided to work as partners because we are all committed to the idea of Beauty Parlor after having realized that it is a lucrative business and would match our skills and availability to contribute to this business growth.

As per company's loan policy, you may suggest a repayment plan for us according to the loan size you will provide to us.

Thanking you in advance and hoping to hearing from you soon.

Kind regards,
Miss. Kankindi Vanessa
Miss. Mbabazi Alpha
Miss. Munezero Sandrine
Miss. Nishimwe Mugisha Gloria
